OFFICE ORDER

31st May 2020

Of late, there has been a sudden and constant increase in the number of employees infected by Covid-19 at workplace. Many of the employees residing in ports residential colonies in the Nadkarni Park have tested positive. Consequently, in modification of the earlier office order of 17th May 2020, all the Heads of Department are called upon to revisit the work plan drawn to restrict the number of employees (officers and staff) at workplace to the barest minimum. As per the earlier decision the War Room at Colaba colony has been made functional. Accordingly, the Heads of Departments may consider deployment of officers from the colonies to work from the War Room as far as possible. The e-office has been made fully functional and hence all office notes/files be submitted through e-office compulsorily.

Furthermore, while preparing the revised work plan the Heads of Department may make the following exceptions:

a. The employees (officers and staff) above age of 55 years, who are comorbid may be allowed to work from home as far as possible and
b. Other employees (officers and staff) who can perform the office work from home may also be allowed to work from home as far as possible.

In the revised work plan employees (officers and staff) staying in the areas which are declared containment zone by the State administration may not be asked to attend office until their area is taken out of containment zone.

All employees (officers and staff) to be advised to strictly follow the principle of social distancing and safe practices during transportation and at work place.

The revised work plan to be implemented with immediate effect.
