This is to inform you that No. "Cold Moves " (movement of dumb barges), which require the service for Port Pilots and Tugs will be allowed during the monsoon period. The only exception would be when there is definite " lull " during which period the port and harbor experiences flat calm sea and no rain for small dumb barges and small crafts only. No ships will moved as COLD MOVE during monsoon months from 01.06.2026 to 15.09.2026.
